(Please print):

DATE: \_\_\_\_\_

- **I understand the information presented in this inservice.**
- **I have completed this inservice and answered at least eight of the test questions correctly.**

EMPLOYEE SIGNATURE: \_\_\_\_\_

SUPERVISOR SIGNATURE: \_\_\_\_\_

Inservice Credit:	
<input type="checkbox"/> Self Study	1 hour
<input type="checkbox"/> Group Study	1 hour

**File completed test in employee's personnel file.**

## A Safety Module: All About OSHA

**Are you "In the Know" about OSHA? Circle the best choice or fill in your answer. Then check your answers with your supervisor!**

- OSHA's main role in the healthcare workplace is to protect:**

A. Patients from abuse.                      C. Doctors from being sued.  
B. Workers from injury and illness.      D. Businesses from bankruptcy.
- The \_\_\_\_\_ Standard has had the greatest influence on the safety and health of workers in the healthcare industry.**

A. Bloodborne Pathogens.                  C. Safe Patient Handling.  
B. Slips, Trips & Falls.                      D. Right to Know Chemical Hazards.
- The last pack of XXL incontinence briefs you need is out of your reach on the top shelf. There is no step ladder in the room. You should:**

A. Lock the wheels on the wheelchair and then stand on it.  
B. Use the shelf as a ladder, but only if it's anchored to the wall.  
C. Toss another object at the pack to get it to fall off the top shelf.  
D. Look elsewhere for a step ladder or request help from someone taller.
- If you are injured on the job by a slip, trip or fall and are unable to work, you have a right to:**

A. Sue your employer.                      C. Be promoted to management.  
B. Get paid time off.                         D. File a Workers' Compensation claim.
- True or False**  
If you want to know if a cleaning product is safe to use without gloves, you should check the MSDS.
- True or False**  
OSHA currently has no specific standards for workplace violence.
- True or False**  
You don't have to report being accidentally stuck by a used needle as long as you know the person it was used on is healthy.
- True or False**  
Health care was one of the first industries targeted by OSHA in the 1970s.
- True or False**  
OSHA recommends eliminating manual lifting of patients when possible.
- True or False**  
OSHA is a huge federal agency with more than 10,000 inspectors.
